

The GAMES were played June 27-30, 2019

Midtown Sports & Wellness---Albuquerque

The New Mexico Games, a multi-discipline *Sports Festival*, are played annually in Albuquerque and across the State of New Mexico. Established in 1989, it showcases New Mexico; its strong health & wellness ties, multi-cultures, and climate. *Racquetball* continues to be one of its strengths.

Until recently, the June event included racquetball singles, doubles, and mixed doubles exclusively. In order to foster a greater sense of community and to build additional support, other indoor court sports were added: Squash Singles, Handball Doubles, Paddleball Doubles, and Racketball Singles. Blessed with a large cadre of elite athletes across the board, players this year competed for an opportunity to secure the *Court Sport Junkie Award (Supreme Athlete Award)*. *One must have entered and participated in three different sports.*

Many thanks to Games Legend, Fred Hultberg, for his vision. Also, to our friends at Whitener Law, who continue to provide sponsorship support. Results follow:
